MILAN PRAJAPATI

FRONTEND DEVELOPER

ABOUT ME

Enthusiastic and highly motivated frontend developer with a strong foundation in ReactJS seeking an opportunity to contribute my skills and knowledge to a dynamic team.

EXPERIENCE

Personal Project - Job Portal Website
OCT 2023

- Developed a job portal website using ReactJS, NodeJS, Express & Mongodb to showcase skills, projects, and achievements.
- Implemented a responsive design for optimal viewing on various devices.
- Utilized React components to create an interactive and user-friendly interface

Personal Project - Car race & Snake Game
MAY 2023

- Developed an interactive and engaging car race game and snake game using JavaScript and HTML. The project involved implementing game logic, user input handling, and real-time rendering of the game environment
- Implemented features such as player controls, collision detection, and score tracking.
